YEAR 11 BULLETIN

Au2 Week 7

Dear families,

We have now hit our Christmas break. We are really proud of our Y11s while also very aware that there is a long road ahead. Many want – and need – to see big differences between their AP1 and AP2 grades. Fortunately, they have that power! The starting point for them will be to get all of their Christmas work done. As ever, we have tried to organise this neatly for our students. Our Christmas work organiser looks like this:

Y11 interventions

After the Christmas break, interventions kick up a notch. There are a few important changes in this regard:

1. From January, interventions will take precedent over detentions. This means we expect real co-operation from our Y11s with their behaviour and homework.
2. Some interventions, like Maths on a Tuesday, will be compulsory. This means we expect all Y11s to stay until 4:15.

Our schedule for intervention is as follows:

Monday	Tuesday	Wednesday	Thursday	Friday
Latin Sociology	**All** Maths students	Foundation Maths students	Selected English students	Selected science students

6 big weeks, 30 school days

When we come back after the break we are looking at 6 weeks (30 school days) until Y11 AP2 begins. This is not a huge amount of time, but is certainly a time when Y11s can make a real difference. We keep speaking about 5 degrees of course change – the Christmas break might be a good time to figure out what that looks like for your child. It could be:

- 100% attendance for those 30 days
- No lates for those 30 days
- All homework completed for those 30 days
- Attending every intervention for 30 days

Finally, and importantly, we ask you as parents to support us in getting your children to where they are capable of being. We firmly believe all our Y11s can do well. In order for this to happen ***all*** of us, have an active role in making it a reality.
