1 **Aims**

- 1.1 This is the safeguarding and child protection policy and procedures of Future Academies.
- 1.2 The Trinity Academy is part of Future Academies Trust.
- 1.3 The aims of this policy are as follows:
 - 1.3.1 to actively promote the well-being of pupils;
 - 1.3.2 to safeguard and promote the welfare of children, staff and others who come into contact with the Academy and to protect them from harm;
 - 1.3.3 to have clear procedures in place for dealing with and referring concerns about the welfare of any individual and / or allegations of abuse, neglect and / or exploitation;
 - 1.3.4 to raise awareness about how to report concerns and how they will be investigated, whether they are current or historic in nature;
 - 1.3.5 to raise staff awareness about the Academy's safeguarding expectations;
 - 1.3.6 to ensure staff are competent to carry out their safeguarding responsibilities and feel supported in this role;
 - 1.3.7 to ensure consistent good safeguarding practice throughout the Academy to include the promotion of a zero tolerance approach to sexism, racism, misogyny / misandry, homophobia, biphobia, child-on-child abuse including sexual violence and harassment, derogatory behaviour and other forms of physical violence and conflict in which pupils are confident to report it and staff are confident to identify and respond to it; and
 - 1.3.8 to promote a whole school culture of safety, equality and protection.
- 1.4 Every pupil should feel safe and protected from any form of abuse, neglect and exploitation.
- 1.5 All staff should understand the indicators of abuse, neglect, exploitation and modern slavery and understand specific safeguarding risks so that they can identify them and report any concerns about children, including where they are given reason to suspect that a child sex offence may have been committed. The indicators and key safeguarding risks for the Academy community are set out in [Appendix 1](#).
- 1.6 All staff should be aware that the Crime and Policing Act 2026 imposes a duty in certain circumstances to notify the police and/or local authority where, in the course of a relevant activity, a person is given reason to suspect that a child sex offence may have been committed.

- 1.7 Members of the Academy community (to include former pupils) should also feel able to raise any safeguarding concerns, whether current or non-recent, safe in the knowledge that they will be supported, the matter will be handled sensitively and appropriate action taken.
- 1.8 Anyone about whom a concern is raised should feel confident that they will be supported and the matter will be handled sensitively and that appropriate action will be taken.
- 1.9 This policy forms part of the Academy's whole school approach to promoting child safeguarding and wellbeing, which seeks to involve everyone at the Academy to ensure that the best interests of pupils underpins and is at the heart of all decisions, systems, processes and policies.
- 1.10 The Academy recognises that safeguarding risks are dynamic and may evolve over time. This includes risks arising from online activity, emerging technologies (including AI), misogyny / misandry and harmful gender-based attitudes, and the fact that safeguarding issues are often interrelated and may overlap. The Academy will take a proactive and responsive approach to identifying and addressing such risks.
- 1.11 Although this policy is necessarily detailed, it is important to the Academy that our safeguarding policies and procedures are transparent, clear and easy to understand for staff, pupils and parents. The Academy welcomes feedback on how we can continue to improve our policies.

2 Scope and application

- 2.1 This policy applies to the whole Academy, including the Early Years Foundation Stage (**EYFS**).
- 2.2 This Policy applies to all registered pupils whether they are under or over 18 years with adjustments as appropriate to reflect their age.
- 2.3 This policy applies at all times including where pupils or staff are away from the Academy, whether they are on school-arranged activities or otherwise, and whether or not the Academy is open. It will therefore apply out of school hours and in the holidays.
- 2.4 This policy applies to core Academy activities and to out of hours and commercial activities.
- 2.5 This policy is designed to address:
 - 2.5.1 the specific statutory obligations on the Trust of the Academy Trust (i.e. Future Academies to safeguard and promote the welfare of children;
 - 2.5.2 The Board of Trustees charity law safeguarding duty. Safeguarding responsibilities are a key governance priority for Trustees and everyone. The Trustees are committed to the Academy being a safe and trusted environment. Everyone must take reasonable steps to protect the people who come into contact with the charity through its work from

harm. This includes pupils, anyone else who benefits from the Academy's work, staff, volunteers, parents or anyone else who comes into contact with the Academy through its work.

5.3 Staff may follow the Academy's whistleblowing policy to raise concerns about poor or unsafe safeguarding practices at the Academy or potential failures by the Academy or its staff to properly fulfil its safeguarding responsibilities. Such concerns will be taken seriously. The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns about child protection failures internally (see the front of this policy for the relevant contact details). Staff may also report concerns direct to the Academy's Local Authority or to the DfE if they consider that the Academy has failed to deal with concerns appropriately.

6 **Pupils aged 18 or over**

6.1 The Academy's safeguarding responsibilities extend to all members of the school community and its safeguarding policies, procedures, and codes of conduct apply to all pupils, including those aged 18 or over.

The Academy acknowledges its duty of care to these pupils and the need to consider their specific needs and rights, as well as the need to manage any risk they may present to others. Where a pupil who is aged 18 or over presents safeguarding concerns, and may be an "adult at risk" under the provisions of

the Care Act 2014. Appropriate safeguarding procedures will be followed which may include referral to the local authority's safeguarding adult's board.

7 Reporting obligations of staff

7.1 Reporting obligations generally

7.1.1 Staff members should maintain an attitude of **"it could happen here"** where safeguarding is concerned. When concerned about the welfare of a pupil, staff members should always act in the **best** interests of the pupil.

7.1.2 Staff should be aware that pupils may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and / or they may not recognise their experiences as harmful e.g. a child may feel embarrassed, humiliated, or threatened due to their vulnerability, disability and / or sexual orientation or language barrier. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse, neglect and exploitation so that staff are able to identify cases of children who may be in need of help or protection.

7.1.3 All staff have a duty to:

- (a) report any concerns they may have about the safety and / or well-being of pupils;
- (b) where, in the course of engaging in a relevant activity, they are given reason to suspect that a child sex offence may have been committed, comply with any statutory duty to report that suspected offence and cooperate with the Academy and the DSL in relation to any notification required under the Crime and Policing Act 2026, including where such notification is made by the DSL on their behalf;
- (c) report any concerns they may have about the safety and / or well-being of other persons associated with the Academy;
- (d) report any safeguarding concerns about staff or anyone else associated with the Academy; and
- (e) follow up on any such reports to ensure that appropriate action is or has been taken.

7.1.4 The procedures for doing so are set out below. If staff are unsure about the appropriate process to use, they should not hesitate to exercise professional curiosity and speak to the DSL, any member of the SLT or directly to children's social care (whether the Academy's local authority or that local to the child's home address) or police in their absence for guidance.

7.2 What to do if staff have a concern about a pupil's welfare

- 7.2.1 If staff have **any concern about a pupil's welfare**, they should follow the procedures in this policy and report their concern to the DSL (or the DDSL in the DSL's absence) **immediately**.
- (a) See [Appendix 3](#) below, for guidance about what to do when receiving a disclosure and paragraph [24](#) below relating to recording a concern.
- 7.2.2 A concern about a child is not defined and should be interpreted broadly. It may relate to a recognition that a child would benefit from extra support, to an emerging problem or to a potentially unmet need, or may reflect a concern that a child may be deemed to be "in need" or at "immediate risk of harm" as defined by the Children Act 1989.
- 7.2.3 Teachers must report known cases of female genital mutilation (**FGM**) to the police. See [Appendix 2](#) for further information about FGM and this reporting duty. All other staff should refer FGM concerns to the DSL.
- 7.2.4 Where, in the course of engaging in a relevant activity, a member of staff is given reason to suspect that a child sex offence may have been committed, they must report the matter to the DSL (or DDSL in the DSL's absence) as soon as practicable. Where a notification is required under the Crime and Policing Act 2026, this will ordinarily be made by the DSL on behalf of the member of staff in accordance with the Academy's safeguarding procedures.
- 7.2.5 If the concern involves an **allegation or concern raised about a member of staff**, supply staff, trainee teacher, contractors or volunteers, this must be reported in accordance with the procedures set out in [Appendix 3](#) and parts 1 and 4 of KCSIE.
- 7.2.6 **What if the DSL is unavailable?**
- (a) The DSL or the DDSL will take reasonable steps to always be available to discuss safeguarding concerns. If in doubt, staff should contact a member of the safeguarding team through the shared inbox to avoid delay in communication.
- (b) If in exceptional circumstances the DSL and DDSL are unavailable, staff must not delay taking action. Staff should speak to their line manager or a member of the SLT and / or advice should be taken from children's social care. Their contact details are set out at the front of this policy.
- (c) Where a child is suffering, or is likely to suffer from harm, a referral to children's social care and / or police should be made immediately. Staff should be aware of the process for making referrals direct to children's social care and / or the police in these circumstances. This should then be shared with the DSL or DDSL, or member of the SLT, as soon as possible. See section [10](#) below for further details on making a referral.

7.3 Action by the DSL

- 7.3.1 On receipt of a report of a concern, the DSL will consider the appropriate course of action in accordance with the appropriate Local Safeguarding Partners procedures and referral threshold document. Such action may include:
- (a) managing any support for the pupil internally via the Academy's own pastoral support processes, including considering where doing so does not place the child at additional risk, whether they should inform parents or carers to further support the child's wellbeing, and seeking advice from children's social care where required (see 8 below);
 - (b) undertaking an early help assessment (which generally requires parental consent) (see **Error! Reference source not found.** below); or
 - (c) making a referral for statutory services (see 10 below).
- 7.3.2 Where a notification is required under the Crime and Policing Act 2026, the DSL will make or arrange for the notification to be made to the relevant local authority and / or police force as soon as practicable and in accordance with applicable legislation and guidance.
- 7.3.3 The views of the child will be taken into account when considering the appropriate course of action, but will not be determinative.
- 7.3.4 Where the concern relates to the welfare of a pupil who is aged 18 or over, the DSL will consider whether it is necessary to refer such concerns to the Safeguarding Adults Board rather than, or in addition to, children's social care.
- 7.3.5 If it is decided that a referral is not required, the DSL will keep the matter under review and give ongoing consideration to a referral if the pupil's situation does not appear to be improving.

8 Managing support for pupils internally

- 8.1 The Academy has a framework for the identification, assessment, management and review of risk to pupil welfare, so that appropriate action can be taken to reduce the risks identified. See section 23 for further information.
- 8.2 The Academy will ensure that appropriate advice and consultation is sought about the management of safeguarding issues, including advice from CSC where necessary.

9 Universal services and community based Early Help assessment

- 9.1 Universal services and community based Early Help play a crucial role in identifying emerging problems and providing support at an early stage. They are not an individual service, but a system of support delivered by local

authorities and their partners working together and taking collective responsibility to provide the right provision in their area. It is distinct from targeted early help delivered through Family Help teams, which are more formal arrangements coordinated by local authorities, where a plan is in place and a lead practitioner appointed.

9.2 The Academy's safeguarding training includes guidance about early help processes and prepares all staff to identify children who may benefit from universal services and community-based Early help, or targeted Early help through Family Help arrangements. Staff are mindful of specific safeguarding issues and those pupils who may face additional safeguarding challenges. Staff should be particularly alert to the potential need for early help for a child who:

- 9.2.1 is disabled or has certain health conditions and has specific additional needs;
- 9.2.2 has special educational needs (whether or not they have a statutory education, health and care plan (**EHCP**));
- 9.2.3 has a mental health need;
- 9.2.4 is a young carer;
- 9.2.5 is pregnant and or is a parent themselves;
- 9.2.6 has exhibited early signs of abusive, violent and / or harmful behaviours;
- 9.2.7 is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- 9.2.8 is frequently missing / goes missing from education, home or care;
- 9.2.9 has been repeatedly removed from the classroom, experienced multiple suspensions, is on a part-time timetable, is at risk of being permanently excluded from schools, colleges and in Alternative Provision or a Pupil Referral Unit;
- 9.2.10 is at risk of exploitation, modern slavery, trafficking, including criminal or sexual exploitation;
- 9.2.11 is at risk of being radicalised or exploited;
- 9.2.12 has a family member in prison, or is affected by parental offending;
- 9.2.13 is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- 9.2.14 is misusing alcohol or other drugs themselves;
- 9.2.15 is at risk of honour or faith-based abuse such as Female Genital Mutilation or Forced Marriage;

9.2.16 is a looked after child; or

9.2.17 is a privately fostered child.

- 9.3 A member of staff who considers that a pupil may benefit from community-based Early help, or targeted early help through Family Help arrangements should keep a written record of their concerns and in the first instance discuss this with the safeguarding team (see paragraph 24 below and [Appendix 3](#) for further guidance). The safeguarding team will consider the appropriate action to take in accordance with the child's Safeguarding Children Partners menu of early help services and their referral threshold document and will support staff in liaising with parents and other agencies and setting up an inter-agency assessment as appropriate.
- 9.4 If early help is appropriate, staff may be required to support other agencies and professionals in a community based early help assessment and will be supported by the DSL in carrying out this role.
- 9.5 The matter will be kept under review and consideration given to a referral to children's social care for assessment for statutory services if the pupil's situation appears to be getting worse, or does not appear to be improving.

10 Making a referral

- 10.1 Where a child is suffering, or is likely to suffer from harm, or there are concerns about a child's safety or welfare, a referral to children's social care in line with local reporting procedures (and if appropriate the police) should be made immediately. Where required, a notification must also be made in accordance with the statutory duty to report suspected child sex offences under the Crime and Policing Act 2026.
- 10.2 The contact details for the Academy's safeguarding team are set out at the front of this policy.
- 10.3 Anyone can make contact with CSC to discuss concerns before a referral is made. This includes professionals as well as a child themselves, family members and members of the public. The child's local safeguarding partners will have a threshold of need framework and guidance which will provide more information which can support decision making in relation to contacting CSC.

10.4 Statutory assessments

10.4.1 Children's social care may undertake a statutory assessment under the *Children Act 1989* into the needs of the child. It is likely that the person making the referral will be asked to contribute to this process. Statutory assessments include:

- (a) **Children in need:** *A child in need is a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who*

is disabled. Children in need may be assessed under section 17 of the Children Act 1989.

- (b) **Children suffering or likely to suffer significant harm:** Local authorities have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that *a child is suffering, or is likely to suffer, significant harm.*

10.4.2 The threshold document published by Local Safeguarding Partners includes the criteria, including the level of need, for when a case should be referred for assessment and for statutory services under section 17 and 47.

10.5 Anybody can make a referral. Staff required to make a direct referral may find helpful the flowchart set out in KCSIE and the flowcharts set out in Chapter 3 of WTSC for information about the likely actions and decisions required.

10.6 Parental consent is usually expected for referrals to statutory agencies unless this may expose the child to additional harm or is not considered to be in the child's best interests as staff will need to have access to certain information about the child and the safeguarding concern in order to make the referral. In general terms, this information will comprise:

10.6.1 personal details of the child including the child's developmental needs;

10.6.2 detailed information about the concern;

10.6.3 information about the child's family and siblings including the capacity of the child's parents or carers to meet the child's developmental needs and any external factors that may be undermining their capacity to parent.

10.7 If the referral is made by telephone, this should be followed up in writing.

10.8 If the referral is made by someone other than the DSL, the DSL should be informed of the referral as soon as possible.

10.9 Confirmation of the referral and details of the decision as to what course of action will be taken should be received from the local authority within one working day. If this is not received, the DSL (or the person that made the referral) should contact children's social care again.

10.10 Following a referral, if the child's situation does not appear to be improving, the local escalation procedures should be followed to ensure that the concerns have been addressed and that the child's situation improves, in accordance with the procedures set out in [Appendix 6](#).

11 **Supporting children potentially at greater risk of harm**

Whilst **all** children should be protected, the Academy acknowledges that some groups of children are potentially at greater risk of harm. This can include the following groups:

11.1 Children who are absent from education

- 11.1.1 Children being absent from school, particularly repeatedly and / or for prolonged period and children missing education, can act as a vital warning sign of a range of safeguarding issues including neglect, sexual abuse and child sexual and criminal exploitation including involvement in county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of FGM, honour or faith-based abuse or risk of forced marriage.
- 11.1.2 School attendance registers are carefully monitored to identify any trends and pupils at risk of becoming CME. Action should be taken in accordance with this policy if any absence of a pupil from the Academy gives rise to a concern about their welfare.
- 11.1.3 The Academy will follow up on absences in a timely manner and, if a child is absent from the Academy's early years setting for a prolonged period of time or without notification from the parent or carer of the child, attempts must be made to contact the child's parents and / or carers and alternative emergency contacts. The Academy will consider patterns and trends in a child's absences and their personal circumstances and use its professional judgement when deciding if the child's absence should be considered as prolonged. Consideration will also be given to the child's vulnerability, their parent's and / or carer's vulnerability and their home life. Any concerns will be referred to the local children's social care services and / or a police welfare check requested.
- 11.1.4 The Academy has procedures in place to ensure that compliant reporting mechanisms are in place for pupils receiving alternative provision at another school or provider. Where concerns are raised about a pupil's attendance, the Academy will work with the alternative provision provider to take appropriate action in accordance with the Academy's Attendance policy and Safeguarding and child protection policy and procedures.
- 11.1.5 Where reasonably possible the Academy will hold more than one emergency contact for each pupil and, for children in the early years setting, the Academy will hold more than two emergency contact numbers for each child.
- 11.1.6 The Academy shall inform the local authority of any pupil who is going to be added to or deleted from the Academy's admission register outside of standard transition times in accordance with the requirements of the School Attendance (Pupil Registration) (England) Regulations 2024.

This will assist the local authority to:

- 11.1.7 fulfil its duty to identify children of compulsory school age who are missing from education; and

11.1.8 follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect or radicalisation or involvement with serious violent crime.

11.1.9 The Academy shall provide the local authority with the names and addresses of all pupils of compulsory school age who:

- (a) fail to attend school regularly; or
- (b) have been absent for a continuous period of ten school days and their absence has been recorded as unauthorised (G, N, O and / or U) in the attendance register; and
- (c) have been recorded as ill (code I) in the attendance register and who the Academy has reasonable grounds to believe will miss 15 days consecutively or cumulatively because of sickness in a school year.

11.2 Elective Home Education (EHE)

11.2.1 Where a parent expresses their intention to remove a pupil from school with a view to educating at home, the Academy will work with the local authority and other key professionals to coordinate a meeting with parents where possible, ideally before a final decision has been made. This is to ensure parents have considered what is in the best interests of their child. This will be particularly important where a child has SEND, is vulnerable, and / or has a social worker.

11.3 Children attending alternative provision

11.3.1 Where the Academy places a pupil with an alternative provision provider, it continues to be responsible for the safeguarding of that pupil / student. This includes the Academy:

- (a) having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend.
- (b) regularly reviewing (at least half termly) the alternative provision placements made to provide assurance that the child is regularly attending and the placement continues to be safe and meets the child's needs.
- (c) Where safeguarding concerns arise, placements will be immediately reviewed, and terminated, if necessary, unless or until those concerns have been satisfactorily addressed.

11.4 Special educational needs and disabilities or physical health issues

11.4.1 The Academy welcomes pupils with special educational needs and disabilities (**SEND**) and will do all that is reasonable to ensure that the Academy's curriculum, ethos, culture, policies, procedures and premises

are made accessible to everyone. See the Academy's policy on special educational needs and learning difficulties and disability policy.

11.4.2 Additional barriers can exist when detecting the abuse or neglect of pupils with SEND or certain medical or physical health conditions that can create additional safeguarding challenges for those involved in safeguarding and promoting the welfare of this group of children. The Academy is mindful in particular that:

- (a) assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration;
- (b) pupils with SEND or certain health conditions may be more prone to peer group isolation and can be disproportionately impacted by bullying (including prejudice-based and discriminatory bullying) without outwardly showing any signs;
- (c) some pupils with SEND may be unable to understand the difference between fact and fiction in online content (including AI generated content) and can repeat the content / behaviour in school without understanding the consequences;
- (d) there is a risk of pupils with SEND not understanding that what is happening to them is abuse;
- (e) these pupils are more likely to be dependent on adults for care and to require intimate care; and
- (f) there may be communication barriers which are difficult to overcome to identify whether action under this policy is required.

11.4.3 The Academy should consider providing extra pastoral support and attention for these pupils, along with ensuring any appropriate support for communication is in place.

11.5 Children requiring mental health support

- 1.1 Mental health problems can, in some cases, develop into safeguarding concerns. This could include self-harm, suicidal ideation or risk of suicide.
- 1.2 Only appropriately trained professionals can make a diagnosis of a mental health problem; however, staff are well placed to observe children day-to-day and identify pupils whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.
- 1.3 Potential warning signs could include:
- 1.4 significant changes in behaviour;

- 1.5 ongoing difficulty sleeping;
- 1.6 withdrawing from social situations;
- 1.7 not wanting to do things they usually like, and
- 1.8 physical signs of self-harm or neglecting themselves.
- 1.9 Not every child who exhibits these behaviours is suicidal or has a mental health concern. However, by identifying these and other potential warning signs, staff can identify children who may be struggling with their mental health and contemplating suicide and offer support and vital early intervention.
- 1.10 If staff have a concern about a child's mental health, they should speak to the DSL. If staff feel that a child is in danger, they should call 999 or arrange for them to be taken to A&E immediately by a parent / carer or other suitable person. If a child needs help urgently for their mental health, but it's not an emergency, staff can get help from NHS 111 online or call 111 and select the mental health option.

11.6 Looked after children and previously looked after children

- 11.6.1 The Principal has appointed a Designated Teacher to work with the Local Authority to promote the educational achievement of registered pupils who are looked after and previously looked after children.
- 11.6.2 The Academy ensures that staff have the skills, knowledge and understanding to keep looked after children safe and the information they need in relation to a child's looked after legal status, for example:
- 11.6.3 whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order;
- 11.6.4 contact arrangements with birth parents or those with parental responsibility;
- 11.6.5 information about a child's care arrangements and the levels of authority delegated to the carer by the authority looking after them.
- 11.6.6 The DSL maintains these details, including contact details of the child's social worker.

11.7 Care leavers

- 11.7.1 The DSL maintains details of the local authority personal advisor appointed to guide and support care leavers and liaises with them as necessary regarding any issues of concern.

11.8 Young carers

- 11.8.1 The Academy recognises that caring responsibilities can impact on their attendance, attainment, behaviour and wellbeing. Early identification is

essential to ensure young carers receive support, at the right time and by the appropriate services including additional support from external partners, or local authority and health services.

11.9 Children with medical conditions

11.9.1 A child having a medical condition (including allergies and conditions requiring delegated healthcare tasks) is not in itself an indicator that a child is at greater safeguarding risk. In the event of a clinical incident taking place, the responsible healthcare professional, in conjunction with the DSL should consider whether any safeguarding duty has been triggered and whether any further action is required based on the nature of the incident.

11.10 Children who are lesbian, gay, or bisexual

11.10.1 A child or young person being lesbian, gay, or bisexual is not in itself an inherent risk factor for harm, however, the Academy recognises that they can sometimes be vulnerable to discriminatory bullying. In some cases, a child who is perceived by other children to be lesbian, gay, or bisexual (whether they are or not) can be just as vulnerable as children who are.

11.10.2 LGBT inclusion is taught as part of the statutory relationships education / RSE / PSHE curriculum.

11.10.3 All staff are aware of these vulnerabilities and the Academy endeavours to provide a safe space to speak out or share concerns.

11.11 Children who are questioning their gender

11.11.1 The Academy recognises that some children and young people may question their gender, including how they feel about the physical attributes of their sex and how they fit into society. The Academy also recognises that it is not uncommon for children, particularly at a younger age, to explore interests, behaviours or expressions that may not align with gender stereotypes, and that for many children this may be a temporary phase.

11.11.2 The Academy will take a supportive, child-centred approach, seeking to understand the child's views, wishes and feelings, and exercising appropriate professional curiosity in relation to their wider circumstances. This includes being alert to any potential safeguarding considerations, such as:

- (a) mental health or emotional wellbeing needs;
- (b) experiences of bullying (including discriminatory or prejudice-based bullying);
- (c) family, peer or social pressures; and

(d) any other vulnerabilities that may impact on the child's welfare.

11.11.3 The Academy will ensure that it remains a respectful environment in which all pupils feel safe and are able to express themselves. All forms of bullying, including bullying related to gender, gender expression or identity, are unacceptable and will be addressed promptly in accordance with the Academy's behaviour and anti-bullying policies.

11.11.4 The Academy will seek to maintain an environment that avoids unnecessary gender stereotyping and supports inclusion, while also ensuring that safeguarding, welfare, safety and fairness considerations are appropriately balanced.

11.11.5 Where a request is made in relation to social transition, the Academy will consider this in accordance with statutory guidance and the Academy's ethos including the factors to be taken into account and the processes to be followed. The Academy will not initiate action in relation to a child questioning their gender. This policy applies where a child or their parent raises a request in relation to social transition, and the Academy is responding to that request.

12 Allegations against pupils - child-on-child abuse (including sexual harassment and sexual violence)

12.1 Allegations against pupils should be reported in accordance with the procedures set out in this policy in [Appendix 4](#). If harmful sexual behaviour is alleged to have occurred, the DSL will have regard to Part 5 of KCSIE and take into account the local response of the police and children's social care to these issues. The views of the alleged victim will be taken into account but will not be determinative.

12.2 All those involved in such allegations will be treated as being at risk and in need of support and the safeguarding procedures in accordance with this policy will be followed. Appropriate support will be provided to all pupils involved, including support from external services as necessary.

12.3 Where safeguarding concerns require immediate protective measures, the Academy may consider a range of responses, including changes to timetables, supervision arrangements, temporary restrictions on contact between pupils or, where appropriate, temporarily forbidding a pupil from attending the Academy premises (see [section 13](#) below). Any such decisions will be made on a case-by-case basis in accordance with the Academy's Behaviour Policy, relevant statutory guidance and the best interests of the children concerned.

13 Separation of pupils for safeguarding purposes

13.1 In exceptional circumstances, the Academy may temporarily forbid a pupil from attending the Academy premises where this is necessary for safeguarding reasons.

- 13.2 Such arrangements are not disciplinary sanctions and do not constitute a suspension or permanent exclusion.
- 13.3 This power may be used where the Academy considers it necessary to physically separate pupils in order to safeguard one or more pupils, staff members or other members of the Academy community while safeguarding concerns are assessed, investigated or managed.
- 13.4 Any decision to temporarily forbid a pupil from attending the Academy premises for safeguarding reasons will:
- 13.4.1 be made on a case-by-case basis;
 - 13.4.2 be led by the DSL (or a deputy) in consultation with the Principal / Headteacher;
 - 13.4.3 take account of the Academy's duties under the Human Rights Act 1998, Equality Act 2010 and relevant safeguarding guidance;
 - 13.4.4 be lawful, reasonable, rational and procedurally fair;
 - 13.4.5 be kept under regular review; and
 - 13.4.6 only be used where separation cannot reasonably be achieved whilst allowing the relevant pupils to remain on the Academy premises.
- 13.5 The Academy will inform parents of the reasons for the arrangement without delay and will notify the governing body as appropriate.
- 13.6 Where required by law, the Academy will work with the relevant local authority regarding the provision of suitable education during any period in which a pupil is temporarily prevented from attending the Academy premises.
- 13.7 The Academy may seek advice and support from children's social care, the police and other relevant agencies when making decisions under this section.
- 13.8 Where the circumstances involve allegations or concerns of child-on-child abuse, including sexual violence or sexual harassment, the Academy will follow the procedures set out in this policy in [Appendix 4](#) and will undertake any risk assessment required by [KCSIE](#).

14 Extra-familial harm

- 14.1 Safeguarding incidents and / or behaviours can be associated with factors outside the Academy and / or can occur between children outside the Academy, inside and outside of home and online.
- 14.2 All staff, including the DSL, should consider the context within which such incidents and / or behaviours occur, for example where wider environmental factors are present in a child's life that may be a threat to their safety and / or welfare and should record these appropriately.

- 14.3 Children's social care should be informed of all such information to allow any assessment process to consider all available evidence and the full context of any abuse.
- 14.4 Extra-familial harm: all staff, but especially the DSL (and deputies) should consider whether children are at risk of abuse, neglect, exploitation and / or modern slavery in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse, including physical, sexual, emotional abuse and stalking), criminal exploitation (including financial exploitation), serious violence, county lines and radicalisation and harm associated with organised networks or gangs. This may also include exploitation linked to modern slavery. The Academy will take a contextual safeguarding approach when assessing such risks.
- 15 Risk assessment**
- 15.1 Where a concern about a pupil's welfare is identified, the risks to and needs of that pupil will be assessed and appropriate action will be taken to reduce the risks identified and address the child's wellbeing needs.
- 15.2 The format of risk assessment may vary and may be included as part of the Academy's overall response to a welfare issue, including the use of individual pupil welfare or safety plans (such as behaviour, healthcare and education plans, as appropriate). Regardless of the form used, the Academy's approach to promoting pupil welfare will be systematic and pupil focused.
- 15.3 The DSL and Principal / Headteacher has overall responsibility for ensuring that matters which affect pupil welfare are adequately risk assessed and for ensuring that the relevant findings are implemented, monitored and evaluated.
- 15.4 Risk assessments will be reviewed whenever safeguarding concerns arise between pupils and will consider whether temporary protective measures are required to safeguard any child whilst concerns are investigated or managed.
- 15.5 Day to day responsibility to carry out risk assessments under this policy will be delegated to the DSL who has been properly trained in, and tasked with, carrying out the particular assessment.
- 16 What to do if staff have a safeguarding concern about someone else's welfare**
- 16.1 Staff who have safeguarding concerns about the welfare of others or any other safeguarding issue not expressly covered by this policy, should report them.
- 16.2 In the absence of an express procedure about reporting, they should report such concerns to their line manager or the DSL in the first instance.
- 16.3 If, in exceptional circumstances, the DSL (or a deputy) is not available, this should not delay appropriate action. Staff should consider speaking to a member of the Senior Leadership Team and / or contacting local authority

children's social care directly. Any action taken must be shared with the DSL as soon as possible.

17 Allegations made and or / concerns raised about staff and others in school

- 17.1 The Academy has a policy and procedures for managing allegations made and / or concerns raised about any adult working for, or on behalf of, the Academy, whether paid or unpaid, or any Other Adult (as defined in paragraph 2.3 of 0) which may affect the safety and welfare of children.
- 17.2 The procedures in this policy apply to staff who pose a risk of harm to children or may behave in a way that indicates that they may be unsuitable to work with children. They also apply to low level concerns that do not meet the harm threshold. The procedures aim to strike a balance between the need to protect children from abuse and the need to protect staff from malicious, unfounded, false or unsubstantiated allegations. The policy and procedures are set out in [Appendix 4](#) and follow the guidance in Parts 1 and 4 of KCSIE.
- 17.3 The Academy will follow its employment procedures for dealing with any other safeguarding concern raised about staff, involving external agencies as appropriate.
- 17.4 Detailed guidance is provided to staff to ensure that all staff are clear on the rules of conduct and the expectations of the Academy in relation to contact with pupils, parents, colleagues and any other person who comes into contact with the Academy. This guidance is contained in staff code of conduct.

18 Informing parents

- 18.1 The need to inform parents is decided on a case by case basis. However, there may be circumstances when the DSL will need to consult the Principal / Headteacher, the Designated Officer(s), children's social care, the police and / or the pupil (if they are considered to be of sufficient maturity and understanding) before discussing details with parents.
- 18.2 In all cases, the DSL will be guided by the Lambeth Safeguarding Partners referral threshold document.
- 18.3 See also 0 for details about the disclosure of information where an allegation has been made against a member of staff.

19 Additional reporting

- 19.1 In addition to the reporting requirements explained above, the Governing Body / Board of Trustees of the Academy will consider whether it is required to report safeguarding incidents to any other regulatory body or organisation, including but not limited to:

19.1.1 Health and Safety Executive

- (a) The Academy is legally required under RIDDOR to report certain incidents to the Health and Safety Executive. Please see the Academy's Health and safety policy for further details about this.

19.1.2 Department for Education

- (a) The Academy Trust is an exempt charity and is required to report all serious incidents to the DfE promptly and in accordance with the guidance [How to report a serious incident in your charity \(Charity Commission, June 2019\)](#) includes examples of incidents it may be necessary to report.

19.1.3 Disclosure and Barring Service (DBS)

- (a) A referral to the DBS will be made promptly if the criteria are met. See [Appendix 4](#), for further details.

19.1.4 Teaching Regulation Agency (TRA)

- (a) The Academy is under a duty to consider whether it is appropriate to make a referral to the TRA where it has ceased to use the services of a teacher because the teacher has been guilty of serious misconduct (or might have ceased to use the services of a teacher for that reason had the teacher not ceased to provide those services). The Academy may also, at its discretion, make a referral to the TRA where the duty to consider doing so has not yet arisen. See [Appendix 4](#), for more details.

19.1.5 Ofsted

- (a) The Academy will inform Ofsted of any allegations of serious harm or abuse by any person living, working or looking after children on the premises of the EYFS provision registered with Ofsted (whether that allegation relates to harm or abuse committed on the premises or elsewhere), and will provide details of the action taken in respect of those allegations. The Academy will notify Ofsted of such allegations as soon as is reasonably practicable, but in any event within 14 days of the allegations being made. See [Appendix 4](#) for more details.

19.1.6 The Academy will also notify Ofsted of any significant event which is likely to affect its suitability to look after children or the suitability of any person who cares for / is in regular contact with children on the premises. The Academy will notify Ofsted of such events soon as is reasonably practicable, but in any event within 14 days of the event.

19.1.7 Insurers

- (a) The Governing Body / Board of Trustees will consider whether it is necessary to report a safeguarding incident to the relevant insurers and / or brokers. It may be necessary to report to a

number of insurers as there may be concurrent cover under existing and historic policies.

- (b) Care should be taken to ensure this is done before renewal to ensure that the Governing Body / Board of Trustees complies with its duties under the Insurance Act 2015. If the Governing Body / Board of Trustees] is in any doubt with regard to the correct insurer and / or policy and / or if it is unable to locate the relevant insurer, professional advice should be sought.

20 Safer recruitment and supervision of staff

- 20.1 The Academy is committed to practising safer recruitment in checking the suitability of staff and volunteers (including those employed by another organisation) in accordance with Part 3 of KCSIE, including the requirements relating to regulated activity and DBS checks for volunteers introduced by the Crime and Policing Act 2026.
- 20.2 The Trust maintains a single central register of appointments for all staff.
- 20.3 The Academy's procedures for checking the suitability of new recruits in its early years meets statutory guidance.
- 20.4 Staff connected to the Academy's early years and later years provisions are under an ongoing duty to inform the Academy if their circumstances change which would mean they meet any of the criteria for disqualification under the Childcare Act 2006.
- 20.5 The Academy's protocol for ensuring that visiting speakers are suitable and appropriately supervised is set out in the Academy's separate visitors protocol.

21 Use of mobile electronic devices and smart technology

- 21.1 In accordance with DfE guidance, the Academy maintains a mobile electronic device-free environment by default. For detailed information on the use of mobile electronic devices and smart technology, please refer to the Academy's Behaviour Policy.
- 21.2 All staff (including staff in the EYFS setting) should use mobile devices and cameras and other electronic devices with imaging and sharing capabilities in accordance with the guidance set out in the staff Code of conduct. Unless otherwise agreed in writing, personal mobile devices including laptop and notebook devices should not be used for Academy purposes except in an emergency.
- 21.3 Parents of all pupils (including parents of pupils in the EYFS setting) may bring mobile devices onto the premises but may only take photographs during events such as plays, concerts or sporting events for personal use. Parents should be reminded that the publication of such images (including on personal social networking sites even where access to the image may be limited) may be unlawful.

- 21.3.1 The Academy recognises the evolving risks associated with emerging technologies, including AI. This includes the potential for AI to be used to generate or manipulate images or content (for example, deepfakes), which may be used to harm or exploit children. Staff will remain vigilant to these risks and respond in accordance with this policy.
- 21.4 The Academy's Acceptable use policy for pupils sets out the expectations for pupil's use of technology.
- 21.5 The Academy's approach to online safety is set out in the Academy's Online safety policy and Acceptable use policy.
- 21.6 The use of wearable smart technology, such as video-recording wearables (smartwear) is strictly prohibited on academy premises. This applies to students, staff, visitors, contractors, volunteers or any person on academy property.
- 22 Training**
- 22.1 The Academy ensures that regular guidance and training is arranged on induction and at regular intervals thereafter so that staff understand what is expected of them by this policy and have the necessary knowledge and skills to carry out their roles.
- 22.2 The level and frequency of training depends on the role of the individual member of staff.
- 22.3 The Academy maintains records of all staff training.
- 22.4 All training will be carried out in accordance with Lambeth Safeguarding Partners procedures where possible.
- 22.5 Induction**
- 22.5.1 All staff, including temporary staff and volunteers, will be provided with induction training that includes (and where relevant includes the provision of copies of):
- (a) this policy;
 - (b) the role, identity and contact details of the DSL and their Deputy;
 - (c) the Behaviour policy for pupils;
 - (d) the Anti-bullying policy, which includes details of the Academy's policy on cyberbullying and prejudice-based and discriminatory bullying;
 - (e) the staff Code of conduct including; the Whistleblowing policy; the Acceptable use policy for staff; low level concerns policy; Staff social media policy;

- (f) the safeguarding response to children who are absent from education particularly on repeat occasions and / or prolonged periods;
- (g) the Academy's approach to online safety which includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring;
- (h) safeguarding training in accordance with Lambeth Safeguarding Partners procedures including guidance on managing a report of child-on-child abuse (including sexual harassment and sexual violence);
- (i) a copy of Part 1 and, where appropriate, Annex A of KCSIE for school leaders and those who work directly with children; and
- (j) appropriate Prevent duty training.

22.6 Safeguarding training

- 22.6.1 All staff and school leaders will receive a copy of this policy and Part 1 and where appropriate, Annex A of KCSIE, and will be required to confirm that they have read and understand these.
- 22.6.2 Members of the SLT (including the Principal / Headteacher and the Nominated Safeguarding Governor) will receive a copy of this policy and be expected to read all of KCSIE.
- 22.6.3 The Principal / Headteacher and all staff members will undertake appropriate safeguarding training which will be updated at least annually and following consultation with the Lambeth Safeguarding Partners. In addition, all staff members will receive informal safeguarding and child protection updates including online safety via email, ebulletins and staff meetings] on a regular basis and at least annually.
- 22.6.4 Staff in the Academy's early years setting will receive training in accordance with Annex C of the *EYFS statutory framework for group and school-based providers* (DfE, September 2026) and will be supported and confident to implement the setting's safeguarding policy and procedures on an ongoing basis. Training will be renewed every two years and the Academy will consider whether any staff need to undertake annual refresher training during any two-year period to help maintain basic skills and keep up to date with any changes to safeguarding procedures or as a result of any safeguarding concerns that occur in the setting.
- 22.6.5 Staff development training will also include training on online safety which should, amongst other things, include an understanding of the filtering and monitoring systems and processes in place in the Academy, measures in place to combat cybercrime, the Academy's approach to the use of generative AI by pupils and for educational purposes

searching pupils for prohibited and banned items, and Prevent duty training assessed as appropriate for them by the Academy.

- 22.6.6 Additionally, the Academy will make an assessment of the appropriate level and focus for staff training and responsiveness to specific safeguarding concerns such as radicalisation, child-on-child abuse (including sexual harassment and sexual violence), harmful sexual behaviour, child criminal and child sexual exploitation, female genital mutilation, cyberbullying, prejudiced-based and discriminatory bullying and mental health and to ensure that staff have the skills, knowledge and understanding to keep looked after children safe.
- 22.6.7 All Governors receive safeguarding training (including online safety) on induction. This training will equip them with the knowledge to provide strategic challenge to test and assure themselves that the Academy's safeguarding policies in place are effective and support a robust whole school approach to safeguarding. This training will be regularly updated.
- 22.6.8 The Nominated Safeguarding Governor and Trustees will receive additional appropriate training to enable them to fulfil their safeguarding responsibilities. As part of that training the Nominated Safeguarding Governor] will be expected to read the entirety of KCSIE. All other Governors] / Trustees will be expected to read Part 2 of KCSIE.
- 22.6.9 The Academy has mechanisms in place to assist staff to understand and discharge their role and responsibilities and to ensure that they have the relevant knowledge, skills and experience to safeguard children effectively, including questionnaires, staff meetings, and professional development reviews]. This includes information on how staff can report concerns occurring out of hours / out of term time and should, where appropriate, refer to the Academy's risk assessment for out of hours /out of term safeguarding arrangements.
- 22.6.10 **Designated Safeguarding Lead (DSL)**
- (a) The DSL and Deputy DSL will undertake training to provide them with the knowledge and skills required to carry out the role. This training includes inter-agency working and Prevent awareness training, and attendance on a training course which is consistent with the criteria set out in Annex B of the *EYFS statutory framework for group and school-based providers* (DfE, September 2026)] and will be updated at least every two years.
 - (b) In addition, their knowledge and skills will be refreshed at regular intervals, at least annually, to allow them to understand and keep up with any developments relevant to their role. For further details about the training of the DSL, see Annex B of KCSIE.
 - (c) Prevent duty training will be consistent with the Government's Prevent training for schools. See Educate Against Hate (HM Government, 2018) for further details.

22.6.11 Teaching pupils about safeguarding

- (a) The Academy teaches pupils about safeguarding through the curriculum and relationships education and PSHE. This includes guidance on adjusting behaviour to reduce risks, particularly online, building resilience to protect themselves and their peers, fostering healthy and respectful relationships with others and providing information about who they should turn to for help.
- (b) The Academy recognises that a one size fits all approach may not be appropriate for children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children might be needed.
- (c) Pupils are taught about harmful sexual behaviours, including sexual violence and sexual harassment, through relationships education / relationships and sex education and PSHE education appropriate to their age and stage of development.
- (d) Pupils are given the opportunity to talk about safeguarding issues within the classroom environment and provide feedback on the content and effectiveness of training given
- (e) Pupils understand how they can raise concerns and the processes for reporting a concern about a friend or peer, and how any report will be handled. The Academy's concerns and complaints procedure for pupils sets out in writing what pupils should do if they have a worry or complaint.
- (f) The safe use of technology is a focus in all areas of the curriculum and key ICT safety messages are reinforced as part of assemblies and tutorial / pastoral activities so that pupils learn how to keep themselves safe on-line and when accessing remote learning.
- (g) The Academy keeps in regular contact with parents and carers to reinforce the importance of pupils being safe online and make them aware of the systems in place to filter and monitor online use and the sites pupils will be expected to access during learning.

23 Monitoring and review

- 23.1 The DSL will ensure that the procedures set out in this policy and the implementation of these procedures are updated and reviewed regularly, working with the Trust Safeguarding Lead where necessary and seeking contributions from staff. The DSL will update the Senior Leadership Team regularly on the operation of the Academy's safeguarding arrangements.
- 23.2 Any safeguarding incidents at the Academy will be followed by a review of these procedures by the DSL and a report made to the Trust Safeguarding Lead.

Where an incident involves a member of staff, the Designated Officer(s) will be asked to assist in this review to determine whether any improvements can be made to the Academy's procedures. Any deficiencies or weaknesses with regards to safeguarding arrangements at any time will be remedied without delay.

- 23.3 This policy will be updated whenever needed to ensure that it remains up to date with safeguarding issues as they emerge and evolve, including in relation to lessons learnt.
- 23.4 The Trust Safeguarding Lead will also undertake an annual review of this policy and the Academy's safeguarding procedures, including an update and review of the effectiveness of procedures and their implementation and the effectiveness of inter-agency working. It will also undertake an annual review of its approach to online safety and filtering and monitoring provision, including checks that filtering is working appropriately on all internet-connected devices in all relevant locations, supported by an annual risk assessment that considers and reflects the risks its pupils face and a record kept.
- 23.5 The DSL will work with the Nominated Safeguarding Governor to prepare a written report commissioned by the Governing Body. The written report should address how the Academy ensures that this policy is kept up to date; staff training on safeguarding; referral information; issues and themes which may have emerged in the Academy and how these have been handled, including lessons learned and the contribution the Academy is making to multi-agency working in individual cases or local discussions on safeguarding matters. The Governing Body / Board of Trustees should also consider independent corroboration, such as:
 - 23.5.1 inspection of records or feedback from external agencies including the Designated Officer(s);
 - 23.5.2 reports of Ofsted inspections;
 - 23.5.3 the outcome of any relevant complaints, claims or related proceedings; and
 - 23.5.4 press reports.
- 23.6 The Governing Body will review the report, this policy and the implementation of its procedures and consider the proposed amendments to the policy before giving the revised policy its final approval. Detailed minutes recording the review by the Governing Body will be made.

24 **Record keeping**

- 24.1 All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. This will also help if / when responding to any complaints about the way a case has been handled by the Academy. Information should be kept confidential and stored securely. Concerns and

referrals will be kept in a separate child protection file for each child. These should include:

- 24.1.1 a clear and comprehensive summary of the concern;
 - 24.1.2 details of how the concern was followed up and resolved; and
 - 24.1.3 a note of any action taken, decisions reached and the outcome.
- 24.2 Insofar as pupil records are concerned:
- 24.2.1 Staff are trained on the Academy's safeguarding records keeping systems. Guidance on record keeping is set out in [Appendix 3](#).
 - 24.2.2 The DSL is responsible for managing all child protection files in accordance with KCSIE
- 24.3 The information created in connection with this policy may contain personal data. The Academy's use of this personal data will be in accordance with data protection law. The Academy has published on its website privacy notices which explain how the Academy will use personal data.
- 24.4 All records created in accordance with this policy are managed in accordance with the Academy's policies that apply to the retention and destruction of records.
- 24.5 **Information sharing and multi-agency working**
- 24.5.1 The Academy will treat all safeguarding information with an appropriate level of confidentiality, only involving others where appropriate. The Academy will always act in order to safeguard and promote the welfare of others.
 - 24.5.2 The Academy understands that information sharing is essential for effective safeguarding and promoting the welfare of children and young people, including their educational outcomes. Fears about sharing information will not stand in the way of the need to promote the welfare, and protect the safety, of pupils, which is always the Academy's paramount concern. Academies have clear powers to share, hold and use information for these purposes and data protections laws provide a framework to ensure that personal information is shared appropriately.
 - 24.5.3 When the Academy intends to share safeguarding information, the Academy will inform the pupil, their parent(s) or carer(s) about what information sharing has taken (or will take) place, why and how the information will be used, unless doing so could put a child or others at further risk of harm, or could compromise effective safeguarding arrangements, including police investigations.
 - 24.5.4 When deciding what information to share the Academy will consider:

- (a) the relevancy of the information, including to the current safeguarding risk,
 - (b) what is necessary for the receiving setting to know, and
 - (c) whether it is clearly presented and appropriately contextualised.
- 24.5.5 The Academy will use professional judgement to ensure that the information shared is focused and proportionate. This may include summarising or omitting information which is not necessary for safeguarding purposes.
- 24.5.6 When the Academy receives a request for safeguarding information (e.g. a subject access request from a parent or a request from the police), the Academy will carefully consider its response to make sure that any disclosure is in accordance with its obligations under data protection law. Where a request for safeguarding information is received from a parent for an individual aged under 18, the Academy may be exempt from providing that data where complying with the request would not be in the best interests of the child. The Academy will also have regard to its data protection policies. The Academy's Data Protection Lead will work with the DSL as appropriate to determine what should be disclosed.
- 24.5.7 The Academy will co-operate with children's social care, and where appropriate the police, to ensure that all relevant information is shared for the purposes of early help assessments, and assessments and child protection investigations under the Children Act 1989.
- 24.5.8 Where a pupil leaves the Academy to attend a new setting, the DSL will consider if it would be appropriate to share any information with that setting, particularly where the information would support an assessment of risk to others as well as the individual pupil.
- 24.5.9 Where allegations have been made against staff, the Academy will consult with the Designated Officer(s) and, where appropriate, the police and children's social care to agree the information that should be disclosed and to whom.
- 24.5.10 While the Academy will share information with those involved where and when it is appropriate to do so, they may be unable to for reasons of data protection and confidentiality, for example because to do so may pose a risk of harm to others or because it has been prohibited by external agencies.

25 Publication and availability

- 25.1 This policy is published on the Academy website.
- 25.2 This policy is available in hard copy on request including in accessible formats.
- 25.3 A copy of the policy is available for inspection from details during the school day.

- 25.4 The Academy welcomes feedback on how the Academy can continue to improve this Policy, and this can be sent to Trust Safeguarding Lead marking the subject line "Feedback on Safeguarding and child protection policy and procedures."

Appendix 1 Forms of abuse neglect and exploitation

2 Abuse, neglect and exploitation

- 2.1 Staff should be aware that abuse, neglect and exploitation safeguarding issues are rarely standalone events that can be covered by one definition or label and in most cases, multiple issues will overlap with one another, therefore staff should always be vigilant and always raise any concerns with the DSL (or deputy).
- 2.2 Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic / misandrist messages, the non-consensual making or sharing of nudes or semi-nudes , especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

3 Indicators of abuse and neglect

- 3.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including physical abuse, sexual abuse, emotional and psychological abuse, coercive and controlling behaviour and economic or financial abuse, where they see, hear or experience its effects. Children may be abused in a family or in an institutional or extra-familial context by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children. This includes in teenage relationships, or under the guise of honour-based abuse including forced marriage and female genital mutilation, or abuse related to faith or belief such as allegations of demonic possession. Children may also cause harm to other family members, often referred to as child to parent or care giver abuse.
- 3.2 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- 3.3 **Emotional abuse:** the persistent emotional or psychological maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include verbal abuse, such as persistent criticism, belittling, or name-calling, as well as not giving the child opportunities to express their views, deliberately silencing them or "making fun" of what they say or how they

communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill treatment of another. It may involve serious bullying (including cyberbullying and prejudiced-based or discriminatory bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

- 3.4 **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or penetration with an object) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place in family settings, in institutional settings, online, and technology can be used to facilitate offline abuse. Child sexual abuse material available online may have been generated in a family environment. Online abuse can also take the form of cyber-grooming or making or sharing nudes or semi-nudes under coercion. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. A child of any age or gender can be a victim of sexual abuse. The sexual abuse of children by other children is a specific safeguarding issue (also known as child-on-child abuse) in education and all staff should be aware of it. The Academy policy and procedures can be found in [Appendix 4](#).
- 3.5 **Neglect:** the persistent failure to meet a child's basic physical and / or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include affluent neglect or neglect of, or unresponsiveness to, a child's basic emotional needs.

4 **Signs of abuse**

- 4.1 Possible signs of abuse include, but are not limited to:

- 4.1.1 the pupil says they have been abused or asks a question or makes a comment which gives rise to that inference;
 - 4.1.2 there is no reasonable or consistent explanation for a pupil's injury, the injury is unusual in kind or location or there have been a number of injuries and there is a pattern to the injuries;
 - 4.1.3 the pupil's behaviour stands out from the group as either being extreme model behaviour or extremely challenging behaviour, or there is a sudden or significant change in the pupil's behaviour;
 - 4.1.4 the pupil asks to drop subjects with a particular teacher and seems reluctant to discuss the reasons;
 - 4.1.5 the pupil's development is delayed, the pupil loses or gains weight or there is deterioration in the pupil's general well-being;
 - 4.1.6 the pupil appears neglected, e.g. dirty, hungry, inadequately clothed;
 - 4.1.7 the pupil is reluctant to go home, or has been openly rejected by their parents or carers; and
 - 4.1.8 inappropriate behaviour displayed by other members of staff or any other person working with children, for example inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role or responsibilities; or inappropriate sharing of images.
- 4.2 Mental health problems can also be a sign of abuse, neglect or exploitation.
 - 4.3 The Lambeth Safeguarding Partners can provide advice on the signs of abuse and the DfE advice What to do if you're worried a child is being abused (March 2015) provides advice in identifying child abuse. The NSPCC website is also a good source of information and advice.

1.24 misinformation / disinformation (see section 15 below).

2 **Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)**

2.1 Both CSE and CCE are forms of abuse where an individual or group (adult or another child) takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity:

2.1.1 in exchange for something the victim needs or wants e.g. money, gifts or affection; and / or

2.1.2 for the financial advantage or increased status of the perpetrator or facilitator; and / or

2.1.3 through violence or threat of violence to victims (and their families).

2.2 Children can be exploited by adult males or females, as individuals or in groups, including organised networks or gangs which the victim may identify as being a part of. They may also be exploited by other children, who themselves may be experiencing exploitation - where this is the case, it is important that the child perpetrator is also recognised as a victim.

2.3 CSE and CCE can affect children of any sex and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation. This may constitute modern slavery.

2.4 International pupils may be particularly vulnerable to trafficking, particularly those who are or will be in the UK without their parent(s) or legal guardian and may be targeted by traffickers as a means of facilitating a child's entry to the UK for the purposes of CSE or CCE.

2.5 Children who are criminally exploited should have their vulnerabilities recognised by adults and professionals and should be treated as victims. It is not possible for a child to give informed consent to engage in criminal or other exploitative activity, and they cannot give consent to be exploited, abused or trafficked.

2.6 CCE can include children being coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

2.7 Some of the following can be indicators of both CSE and CCE, including children who:

2.7.1 appear with unexplained gifts, money or new possessions;

2.7.2 associate with other young people involved in exploitation;

2.7.3 suffer from changes in emotional well-being;

- 2.7.4 misuse drugs and alcohol;
- 2.7.5 go missing for periods of time or regularly come home late; or
- 2.7.6 regularly miss school or education or do not take part in education.
- 2.8 Children who have been exploited will need additional support to help maintain them in education.
- 2.9 CSE can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and / or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.
- 2.10 CSE does not always involve physical contact; it can also occur through the use of technology including through generative AI and AI-generated nudes or semi-nudes (deepfakes). CSE can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity and may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media). The above CCE indicators can also be indicators of CSE, as can children who:
 - 2.10.1 have older boyfriends or girlfriends; or
 - 2.10.2 suffer from sexually transmitted infections or become pregnant.

3 **County lines**

- 3.1 County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas within the UK, using dedicated mobile phone lines or other form of "deal line". They are likely to exploit children and vulnerable adults to move, store and sell drugs and money and they will often use coercion, intimidation, violence (including sexual violence) and weapons.
- 3.2 Children are increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.
- 3.3 A number of the indicators for CSE and CCE as detailed above (and in Annex A of KCSIE) may also be applicable to children involved in county lines.
- 3.4 Additional reporting duties:
 - 3.4.1 if a child is suspected to be at risk of, or involved in county lines, a safeguarding referral should be considered alongside

consideration of availability of local services / third sector providers who offer support to victims of county lines exploitation;

- 3.4.2 where a pupil may have been trafficked for the purpose of transporting drugs, a referral to the National Referral Mechanism should be considered.

4

Serious violence

- 4.1 Serious violence may involve physical assault, carrying, threatening with, or using weapons, often in the context of peer conflict or bullying, and it can also be associated with criminal exploitation.
- 4.2 Staff should report any concerns about a child carrying or using a weapon (or expressing intent to do so) to the DSL who will assess the risk to both the individual pupil and others in the Academy, considering wider information or concerns, and take appropriate action. Depending on the risk, they should put in place a safety and support plan, and where relevant consider action to de-escalate peer conflict.
- 4.3 Indicators which may signal children are at risk from, or are involved in serious violence may include:
- 4.3.1 Increased absence from school;
 - 4.3.2 a change in friendships or relationships with older individuals or groups;
 - 4.3.3 a significant decline in educational performance;
 - 4.3.4 signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries; and
 - 4.3.5 unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.
- 4.4 Staff should be alert to signs that a child may be at risk of or involved in serious violence. These risks are higher for children with disrupted education (e.g. suspensions, permanent exclusions, time in alternative provision) or a history of offending. Academies should also try to be alert to when children might be at highest risk, recognising that violence can often peak in the hours just before or just after school, when pupils are travelling to and from school and can concentrate in particular places.
- 4.5 Staff should also be aware of the range of risk factors which increase the likelihood of involvement in serious violence, such as being male, having been suspended, spent time in alternative provision or permanently excluded, having experienced child maltreatment, having been involved in offending, such as theft or robbery, having used drugs or alcohol in

early adolescence and having previously been a victim or previously perpetrated violence.

- 4.6 Early, evidence-based support for those considered at risk, as well as at critical points when concerns emerge is vital. This includes access to trusted adults, social and emotional skill support, and, where available, targeted interventions such as mentoring or therapeutic support.
- 4.7 Further advice for schools is provided in the Home Office's Criminal exploitation of children and vulnerable adults: county lines guidance. The Youth Endowment Fund (YEF) (the "what works centre for preventing violence") has produced practical guidance for schools and an accompanying self-assessment tool to help introduce evidenced practice for preventing children becoming involved in violence.

5 **Cybercrime**

- 5.1 Cybercrime is a criminal activity committed using computers and / or the internet. It's broadly categorised as either "cyber-enabled" (crimes that can happen off-line but enabled at scale and speed online e.g. fraud, purchasing of illegal drugs, child sex abuse and exploitation) or "cyber-dependent" (crimes that can only be committed by using a computer).
- 5.2 Cyber-dependent crimes include:
 - 5.2.1 unauthorised access to computers (illegal hacking) e.g. accessing a school's computer network to look for test papers or change grades awarded;
 - 5.2.2 denial of Service (Dos or DDos) attacks or "booting" - attempts to make a computer, network or website unavailable by overwhelming it with internet traffic;
 - 5.2.3 making, supplying or obtaining malware e.g. viruses, spyware, ransomware, botnets and Remote Access Trojans with intent to commit further offence.
- 5.3 Children with particular skills and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime.
- 5.4 The Academy will put in place appropriate measures to meet the Cyber security standards in order to combat cyber attacks and improve cyber resilience.
- 5.5 The DSL (or deputy) should consider referring into the Cyber Choices programme if they have concerns. This is a nationwide preventative programme which intervenes when young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.

6 **Domestic abuse**

- 6.1 Domestic abuse can encompass a wide range of behaviours and may be a single incident or pattern of incidents. That abuse can be, but is not limited to, physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological, emotional, or other abuse such as honour or faith based abuse, forced marriage, female genital mutilation or reproductive coercion, harassment and stalking.
- 6.2 Children can be victims of domestic abuse. They may see hear or experience the effects of abuse at home and / or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of this can have a detrimental and long-term impact on their health, well-being, development and ability to learn.
- 6.3 All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and / or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.
- 6.4 Further advice on identifying children who are affected by domestic abuse and how they can be helped can be found in Annex A of KCSIE. This includes details about Operation Encompass which operates in all police forces across England, helping schools and police work together to provide emotional and practical help to children.

7 **Honour or faith-based abuse**

- 7.1 Honour or faith-based abuse (**HBA**) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/ or the community, including female genital mutilation (**FGM**), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Staff must be alert to the possibility of a child being at risk of HBA, or already having suffered HBA. Staff should speak to the DSL if they have any doubts.
- 7.2 If appropriate, the DSL will activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children's social care.

8 **Female genital mutilation (FGM)**

- 8.1 FGM is a form of honour or faith-based abuse. It comprises all procedures involving partial or total removal of the external female

genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long lasting harmful consequences.

- 8.2 There is a range of potential indicators that a child or young person may be at risk of FGM. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 38-43 of the [Multi-agency statutory guidance on FGM \(HM Government, July 2020\)](#) (pages 61 - 63 focus on the role of schools).
- 8.3 All staff must be aware of the requirement for teachers to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. The report should be made orally by calling 101, the single non-emergency number. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve children's social care as appropriate.
- 8.4 If the teacher is unsure whether this reporting duty applies, they must refer the matter to the DSL in accordance with this policy. See the Home Office guidance [Mandatory reporting of female genital mutilation - procedural information](#) (January 2020) for further details about the duty.
- 8.5 Guidance published by the [Department for Health](#) also provides useful information and support for health professionals which will be taken into account by the Academy's medical staff. The National FGM Centre has also produced FGM guidance to help schools understand their role in safeguarding girls, engaging parents and teaching about FGM.

9 **Forced marriage**

- 9.1 Forced marriage is also a form of honour or faith-based abuse. Forcing a person into marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage.
- 9.2 Since February 2023 it has also been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial "marriages" as well as legal marriages.
- 9.3 Guidance on the warning signs that forced marriage may be about to take place, or may have already taken place, can be found on pages 39-

44 of the [Multi-agency guidelines: handling case of forced marriage](#) (HM Government, April 2023).

- 9.4 Staff should speak to the DSL if they have any concerns. Pages 79-84 of the [Multi-agency guidelines: handling case of forced marriage](#) (HM Government, April 2023) focus on the role of schools in detecting and reporting forced marriage and the Forced Marriage Unit can be contacted on 020 7008 0151 or fmu@fco.gov.uk for advice and information.

10 Radicalisation and the Prevent duty

- 10.1 The Academy has a legal duty to have due regard to the need to prevent people from being drawn into terrorism.
- 10.2 The Academy aims to build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. The Academy is committed to providing a safe space in which children, young people and staff can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments.
- 10.3 The Academy has adopted the government's definitions for the purposes of compliance with the Prevent duty:
- 10.1 **Extremism:** "the promotion or advancement of an ideology based on violence, hatred or intolerance, that aims to:
- 10.1.1 negate or destroy the fundamental rights and freedoms of others;
or
 - 10.1.2 undermine, overturn or replace the UK's system of liberal parliamentary democracy and democratic rights; or
 - 10.1.3 intentionally create a permissive environment for others to achieve the results in (1) or (2)."
- 10.2 **Radicalisation:** "the process by which a person comes to support terrorism and forms of extremist ideologies associated with terrorist groups."
- 10.3 **Terrorism:** "an action that endangers or causes serious violence to a person / people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and made for the purpose of advancing a political, religious or ideological cause."

- 10.4 Although there is no single way of identifying an individual who is likely to be susceptible to an extremist ideology, there are possible indicators that should be taken into consideration alongside other factors and contexts. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Radicalisation can occur through many different methods (such as social media) and settings (such as the internet).
- 10.5 It is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with managing other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Academy staff should use their professional judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the DSL making a Prevent referral.
- 10.6 Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. Whilst the referral is being assessed, should any further or new information come to light, this should also be passed to police. An individual's engagement with the programme is entirely voluntary at all stages. Guidance on Channel is available at: [Channel duty guidance: protecting people susceptible to radicalisation](#) (HM Government, October 2023). The DfE and Home Office's briefing note [The use of social media for online radicalisation](#) (DfE, July 2015) includes information on how social media is used to radicalise young people and guidance on protecting pupils at risk.
- 11 **Child-on-child abuse (including sexual harassment and sexual violence)**
- 11.1 All staff should be aware that children can abuse other children (often referred to as child-on-child abuse) and that it can happen both inside and outside of school or online.
- 11.2 The Academy's policy and procedures for dealing with child-on-child abuse can be found in [Appendix 4](#) below.
- 12 **Online safety**
- 12.1 All staff should be aware that technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life.
- 12.2 It is essential that children are safeguarded from potentially harmful and inappropriate online material. An effective, whole school approach to online safety empowers a school to protect and educate pupils, and staff in their use of technology and establishes mechanisms to identify, intervene in, and escalate any concerns where appropriate.

12.3 The breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:

12.3.1 **content:** being exposed to illegal, inappropriate or harmful content, for example: pornography, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, extremism, extreme sexual or physical violence, misinformation, disinformation (including fake news) and conspiracy theories.

12.3.2 **contact:** being subjected to harmful online interaction with other users or generative AI applications that simulate this; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes;

12.3.3 **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g. consensual and non-consensual making or sharing of nudes and semi-nudes and / or pornography, sharing other explicit images and online bullying; and

12.3.4 **commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. If pupils, students or staff are at risk, it should be reported to the Anti-Phishing Working Group.

13 **Making or sharing nudes and semi-nudes**

13.1 Consensual and non-consensual making or sharing of nudes and / or semi-nudes can be signs that children are at risk.

13.2 The Academy treats all incidences of making or sharing nudes or semi-nudes as safeguarding matters to be actioned in accordance with this policy, regardless of whether they are consensual or non-consensual. All such incidents will require a proportionate approach that considers the age, development and circumstances of the children involved, as well as any elements of coercion, exploitation or vulnerability.

13.3 Members of staff must not intentionally view any nude or semi-nude images which are reported to them, or copy, print or share the images under any circumstances. In referring any incident of sharing images, members of staff should describe the content of the images as reported to them.

13.4 If any devices need to be confiscated they should be turned off and locked away securely until they are required.

13.5 If an electronic device that is prohibited by the Behaviour policy has been seized and the member of staff has reasonable grounds to suspect that it contains evidence in relation to an offence, or that it

contains a pornographic image of a child or an extreme pornographic image, the device will be given to the police.

- 13.6 If external agencies do not need to be involved, the Academy must consider the deletion of any images. Pupils should be asked to delete images themselves and to confirm that this is done. Members of staff should not search devices to delete images.
- 13.7 If images have been shared online and cannot now be deleted by the person who shared them, the Academy should consider reporting the images to the relevant web host or service provider (if an option is provided), or contacting the Internet Watch Foundation or ChildLine (if the website does not provide this option).
- 13.8 Where a pupil receives unwanted images, the Academy should advise the pupil and their parents of options that may be available to block the sender or to change the pupil's mobile phone number or email address.
- 13.9 The UK Council for Internet Safety's advice note [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#) (DfDCMS and UKCIS, March 2024) contains details of support agencies and provides further information for schools on how to responding to incidents of sharing nudes and semi-nudes.

14 **Upskirting**

- 14.1 Upskirting typically involves taking a picture under a person's clothing (not necessarily a skirt) without their permission or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear), to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Anyone of any gender can be a victim.
- 14.2 Upskirting is a criminal offence. Attempting to commit an act of upskirting may also be a criminal offence e.g. if actions are taken to do something that is more than merely preparatory to committing the offence such as attempting to take a photograph on a telephone or camera but failing to do so because of lack of storage space or battery.
- 14.3 The Academy will treat incidences of upskirting as a breach of discipline and also as a safeguarding matter under the Academy's child protection procedures.
- 14.4 All matters relating to upskirting images and devices which may have been used in connection with an allegation of upskirting will be dealt with in a similar manner to making or sharing nudes and semi-nudes / sexting.

15 **Misinformation / disinformation**

- 15.1 The Academy recognises that misinformation, disinformation and conspiracy theories may present safeguarding risks, particularly where they contribute to harm, radicalisation or exploitation. Staff will be alert to these risks and respond appropriately.

Appendix 3 Concerns about a child - guidance for staff

1 Receiving a disclosure

- 1.1 Listen carefully and keep an open mind. Do not take a decision as to whether or not the abuse has taken place.
- 1.2 Do not ask leading questions, i.e. a question which suggests its own answer. Use "tell me, explain to me, describe to me" (TED) questioning. It is particularly important not to continue questioning a pupil if they disclose something which suggests that a criminal offence may have been committed - the police will need to take the lead on investigating and your questioning might compromise possible criminal proceedings.
- 1.3 Take the pupil to the welfare lead/medical room if there is a medical need and do not examine the injury yourself.
- 1.4 Reassure the pupil they are being taken seriously and they will be supported and kept safe so that no victim will be given the impression that they are creating a problem by reporting abuse, sexual violence or sexual harassment and no victim ever be made to feel ashamed for making a report.
- 1.5 Do not give a guarantee of absolute confidentiality. Explain the need to pass on the information in accordance with this policy so that the correct action can be taken.
- 1.6 Keep a sufficient written record of the conversation (see [2](#) below). All other evidence, for example, scribbled notes, mobile phones containing text messages, clothing, computers, must be kept securely with the written record.
- 1.7 Pass on the record when reporting the concern in accordance with this policy.

2 Recording a concern

- 2.1 Staff must record all concerns in writing and consistently with the Academy 's system for recording safeguarding concerns, CPOMS.
- 2.2 Records should be factual and dated. Records should include:
 - 2.2.1 the pupil's details: name; date of birth; address and family details;
 - 2.2.2 date and time of the event / concern / conversation;
 - 2.2.3 a clear and comprehensive summary of the event / concern / conversation;
 - 2.2.4 details of how the concern was followed up and resolved;
 - 2.2.5 a note of any action taken and by whom, decisions reached and the outcome;

2.2.6 the name and position of the person making the record.

3 **Use of restrictive interventions, including the use of reasonable force**

- 3.1 There are circumstances when it is appropriate for staff to use restrictive interventions, including the use of reasonable force, seclusion and restraint, to safeguard pupils and others. All members of staff have a legal power to use reasonable force in certain circumstances. In all cases, "Reasonable" means using no more force than is necessary, for the least amount of time required to address the risk.
- 3.2 Staff should refer to Academy's Behaviour policy for more detailed guidance about the use of restrictive interventions.

Appendix 4 Dealing with allegations of child-on-child abuse (including sexual harassment and sexual violence)

1 Child-on-child abuse

- 1.1 Children of any age can abuse other children (often referred to as child-on-child abuse) and this can happen inside and / or outside school and / or online. This includes, but is not limited to:
- 1.1.1 bullying (including cyber-bullying and prejudice-based and discriminatory bullying, and faith-based prejudice or faith- or race-based discrimination);
 - 1.1.2 abuse within intimate personal relationships between peers (teenage relationship abuse);
 - 1.1.3 physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates and / or encourages physical abuse);
 - 1.1.4 physical assault and harm, or the threat of harm with a weapon;
 - 1.1.5 harmful sexual behaviour, including misogyny, sexual violence, such as rape, assault by penetration and sexual assault (including grabbing bottoms, breasts and genitalia under or over clothes, flicking bras, unwanted kisses or embraces) possibly with an online element which encourages sexual violence;
 - 1.1.6 sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse;
 - 1.1.7 causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party;
 - 1.1.8 consensual and non-consensual making or sharing of nudes and semi-nudes;
 - 1.1.9 upskirting, typically involving taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm;
 - 1.1.10 initiation / hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may include an online element);

2 The Academy's approach to child-on-child abuse

- 2.1 Staff understand that, even if there are no reports of child-on-child abuse at the Academy, it does not mean it is not happening; it may be the case that it is just not being reported. Staff understand the importance of reporting any concerns (whether these concerns are thought to have taken place on or off-site) regarding child-on-child abuse to the DSL (or the DDSL in the DSL's absence).
 - 2.2 Such behaviour is never accepted and should be considered as both a safeguarding issue and potentially a disciplinary one. The Academy will adopt a zero-tolerance approach to abuse. Downplaying certain behaviours (by, for example, dismissing sexual harassment as "banter", "having a laugh" or "part of growing up" can lead to a culture of unacceptable behaviour, misogyny, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward.
 - 2.3 All staff should be aware that child-on-child abuse is a safeguarding issue for both the victim and alleged perpetrator. It is also recognised that such behaviour is preventable, and that early intervention is key.
 - 2.4 All staff should challenge inappropriate behaviour, including sexism and misogyny, between pupils and anyone who suffers, witnesses or hears of abuse of any form between pupils is asked to report it in accordance with this policy and / or the school's behaviour and anti-bullying policies, so that appropriate action can be taken.
 - 2.5 Appropriate action will involve supporting all members of the Academy community who may be involved as a priority. This may require investigation by the Academy or other agencies. Until investigations have been undertaken and findings made, the Academy will work on the basis that the allegations may or may not be true and undertake careful risk assessment of the welfare of those involved to determine how best to manage the situation. This should be undertaken whether or not the incident is alleged to have occurred at school, or when the pupil involved was under the Academy's care and whether or not the pupil is under 18, as an issue which may impact pupil welfare. Disciplinary action will follow separately, if appropriate.
 - 2.6 The Academy will ensure pupils impacted by child-on-child abuse are made aware of appropriate support resources that are available to them.
- 3 **Harmful sexual behaviour (HSB), sexual violence and sexual harassment (SVSH)**
- 3.1 Children's sexual behaviour exists on a wide continuum, ranging from normal and developmentally expected to inappropriate, problematic, abusive or violent. Behaviour that is problematic, abusive or violent is developmentally inappropriate and may cause developmental damage. The umbrella term "harmful sexual behaviour" (**HSB**) is widely used in child protection and applies to behaviour occurring online, face-to-face,

or both. HSB should always be considered within a child protection context.

- 3.2 The Academy adopts a whole-school approach to preventing harmful sexual behaviour, sexual violence and sexual harassment, underpinned by its safeguarding, behaviour and pastoral systems. This includes:

3.2.1 promoting a culture of kindness, respect and equality;

3.2.2 identifying and addressing sexism, misogyny, misandry, homophobia and harmful stereotypes;

3.2.3 ensuring staff model positive behaviour and challenge harmful attitudes appropriately, including challenging ideas without stigmatising individuals.

- 3.3 Where the misconduct may constitute HSB, sexual violence (rape, assault by penetration, sexual assault or causing someone to engage in sexual activity without consent) or sexual harassment (unwanted conduct of a sexual nature), it should be reported to the DSL and will be managed in accordance with this policy. SVSH is never acceptable.

- 3.4 Whilst any report of HSB, sexual violence or sexual harassment should be taken seriously, staff are aware that it is more likely that girls will be the victims of HSB and SVSH and more likely it will be perpetrated by boys.

- 3.5 SVSH can occur between two or more children of any age or sex from primary to secondary stage both inside and outside of school. It can also occur online. It can also occur through a group of children towards a single child or towards another group of children. HSB exists on a continuum and may escalate into sexual harassment or sexual violence. Addressing inappropriate behaviour, including sexism and misogyny, (even where it seems to be relatively innocuous) can be an important intervention which helps to prevent problematic or abusive behaviour in the future by setting and enforcing clear expectations of behaviour, supporting victims and encouraging them and others to speak out and facilitating targeted support for those demonstrating HSB. The Academy also recognises the escalatory nature of misogyny and the benefits of early intervention to support its approach to minimising the risk of HSB, sexual harassment and sexual violence.

- 3.6 The 2021 Ofsted report concluded that whether or not schools are aware of reported instances of SVSH in their community, it is likely to be occurring. The Academy acknowledges this and that children are likely to report such matters, if at all, to people they trust. All staff are therefore trained to identify signs of abuse and on how to respond to a report.

4 **Management of allegations of child-on-child SVSH**

4.1 **The initial report**

- 4.1.1 The Academy recognises that it is not easy for children to tell staff about abuse and that instead, they may show signs or behave in ways that signal distress. Staff are trained in signs of abuse and required to look out for them and act upon them; and to respond to all reports of abuse, however they are reported and whether they are made by victims directly or third parties.
- 4.1.2 The Academy acknowledges that the initial response is incredibly important and may impact not just the management of that issue, but others of HSB and SVSH. Staff are also trained in how to receive a report. Where possible they should be accompanied by the DSL or other member of staff.
- 4.1.3 They should:
- (a) listen carefully and respectfully, reassuring the person making the report that they are being taken seriously and offer support without promising confidentiality or making a judgement about its veracity;
 - (b) where possible they should ask open questions about whether pupil(s) have been harmed, the nature of the harm or if they may be at risk of harm;
 - (c) where there is an online element, considering the searching, screening and / or confiscation of devices and the UKCIS Sharing nudes and semi-nudes: advice for education settings working with children and young people. The key consideration is for staff not to view or forward illegal images of a child;
 - (d) explain the next steps and how the report will be progressed;
 - (e) make a written record of the report (recording the facts as the child has presented them);
 - (f) inform the DSL (or deputy) as soon as practically possible, if they are not involved in the initial report and then only share the report with those necessary in order to progress it.

4.2 **DSL's considerations**

- 4.2.1 Reports of HSB and SVSH are often complex and require difficult professional decisions to be made. Further disclosures may follow and the facts may be difficult to establish. These decisions are made on a case by case basis taking all of the circumstances into account, in the best interest of the pupils involved. The Academy's response is led by the DSL who will always have regard to Part 5 of KCSIE in the management of the issue.

4.3 The Academy's considerations

4.3.1 The Academy will consider:

- (a) the victim's wishes in terms of how they want to proceed. Victims should be given as much control as is reasonably possible regarding how an investigation will be progressed and what support they are offered, but their wishes will not always be determinative as the Academy may have to take action to protect other children;
- (b) the nature of the alleged incident (including whether it was a one-off or sustained pattern), whether a crime may have been committed and whether HSB has been displayed;
- (c) the ages and developmental stages of the children involved and any imbalance between them, such as differences in age, maturity or social status;
- (d) if there is an intimate personal relationship between the children;
- (e) whether the alleged incident was isolated or part of a sustained pattern of abuse;
- (f) any intrafamilial harm and support for siblings if needed;
- (g) whether there are any ongoing risks to those involved;
- (h) the time and location of any incident, and any action required to make the location safer;
- (i) the wider context, including any links to CSE or CCE.

4.3.2 Before deciding how best to support and protect those involved. The Academy will undertake immediate risk and needs assessments:

- (a) these will be undertaken in cases of sexual violence and considered otherwise. Where appropriate, they will be discussed with those involved and their parents. This may involve suspension pending investigation. Risk and needs assessments will be recorded, used to inform ongoing safeguarding decisions, and kept under review in the knowledge that police investigation and criminal proceedings can take several months to conclude.

4.3.3 The Academy will make a proportionate response to these matters in light of the circumstances and the factors identified above and decide if any further action is appropriate.

4.3.4 The Academy will do all it reasonably can to protect the anonymity of children involved in sexual violence or sexual harassment.

Amongst other things, this will mean carefully considering, based on the nature of the report, which staff should know about the report and any support that will be put in place for the children involved.

5 **Investigations and findings**

- 5.1 The Academy will record the findings of investigations undertaken by the police and / or the CPS, and if the police decide not to take any further action, will consider whether investigation should be undertaken or commissioned by the Academy to enable it to determine, whether or not it is likely that the allegations are substantiated, unsubstantiated, unfounded, false or malicious. There may be circumstances where this is not appropriate, as it may prejudice a possible future investigation, for example if a victim does not currently wish to make a victim statement. In those circumstances the Academy should consider whether a limited investigation is appropriate. The concerns, discussions, decisions and reasons for these should be recorded.
- 5.2 The Academy should continue to support those involved, with reference to the range of support options set out in Part 5 of KCSIE and should also consider whether further referral, restorative response and / or disciplinary action may be appropriate against either the perpetrator where concerns are substantiated and / or harmful sexual behaviours identified or the victim where concerns were found to be deliberately invented or malicious.

Raising allegations and low level concerns

1 **Key contact information**

- 1.1 Below is the key contact information you may need to raise an allegation or low level concern under this policy.
- 1.2 If the concern is about a member of staff, this should be reported to the Principal.
- 1.3 If the concern is about the Principal, this should be reported to the CEO.

2 **Purpose and application**

- 2.1 **Purpose:** the Academy takes safeguarding extremely seriously. It is of paramount importance that we maintain an open and transparent culture in which all concerns about adults are shared promptly, responsibly and with the right person. We recognise the importance of ensuring adults who work with, or otherwise come into contact with children, do so in a way that is consistent with our values, culture and expected standards of behaviour. We also recognise that concerns may arise in several ways and from a number of sources. The purpose of this policy is to provide a framework for all concerns to be raised, recorded and dealt with effectively by the Academy.

- 2.2 **Application:** the Policy applies to all adults working in or on behalf of the Academy (whether on a paid or unpaid basis), including governors, supply staff, trainee teachers, volunteers and contractors (Staff).
- 2.3 **Other adults:** although this policy directly relates to those who work for the Academy, the Academy recognises that its safeguarding role extends to the protection of everyone associated with it, including adults who do not work for the Academy. Should concerns be raised about people who are not Staff or pupils, then they should be reported to the Principal / Headteacher or DSL who will take appropriate action and co-operate with the relevant agencies as appropriate.
- 2.4 **Statutory guidance:** this policy has regard to the following statutory guidance:
- 2.4.1 Keeping children safe in education (September 2026) (KCSIE). Part Four of KCSIE deals with allegations made and concerns raised about staff, supply staff, trainee teachers, volunteers and contractor, who are all adults working for, or on behalf of, the Academy. It distinguishes between two categories of concerns / allegations that can be raised about Staff. These are:
- (a) concerns that do not meet the harm threshold, otherwise known as "low level concerns"; and
 - (b) allegations that may meet the harm threshold.
- 2.4.2 Working together to safeguard children (2026) (WT) which requires policies to be put in place setting out the process, including timescales for investigation and what support and advice will be available to individuals against whom allegations have been made. WT requires schools to have regard to KCSIE in order to fulfil their duties in respect of safeguarding and promoting the welfare of children.

3 **Key Staff duties**

- 3.1 **Staff behaviour:** all Staff must comply with the Academy's Code of Conduct which sets out appropriate and expected standards of behaviour.
- 3.2 **Duty to report:** as a member of Staff, you must immediately follow this policy to report any concerns you have about the conduct of a member of Staff or any other adult (which could include adults not employed by the Academy). This includes any concern however it arises, for example; behaviour you have witnessed, a concern raised with you by a colleague, pupil, parent or another adult, or as result of checks or information brought to your attention.
- 3.3 **Duty to self-refer:** you must refer yourself to the Principal / Headteacher where, for example, you have found yourself in a situation which could be misinterpreted, which might appear compromising to

others, and / or on reflection if you believe you have behaved in such a way that may fall below the standards expected of you.

- 3.4 **A culture of sharing:** All Staff have a positive obligation to support the Academy's culture of openness and sharing without fear of reprisal.

4 **What needs to be reported?**

- 4.1 **Reporting all concerns:** all concerns must be raised whether they are considered to be "low level" concerns or conduct which may meet the harm threshold.

- 4.2 **Low level concerns:** a low level concern is any concern, no matter how small, and even if no more than a sense of unease or a "nagging doubt", that a member of Staff may have acted in a way that is inconsistent with expected professional standards and / or the staff Code of Conduct, whether inside or outside work. No concern is too small or minor to raise under this policy.

- 4.3 **Concerns that meet the harm threshold:** allegations that may meet the harm threshold are those that might indicate a person would pose a risk of harm if they continue to work in their present position, or in any capacity with children, for example; where the individual has:

4.3.1 behaved in a way that has harmed a child, or may have harmed a child; and / or

4.3.2 possibly committed a criminal offence against or related to a child; and / or

4.3.3 behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; and / or

4.3.4 behaved or may have behaved in a way that indicates they may not be suitable to work with children. This includes behaviour that may have happened outside the Academy which creates a transferable risk.

- 4.4 **Definition of Harm:** it is important to understand the types of conduct that may be harmful to children, and to recognise that harm may not be limited to the most obvious types of physical abuse. There is no single legal definition of harm but to assist your understanding of what may amount to "harm" you should consider the following:

4.4.1 the Safeguarding Vulnerable Groups Act 2006 which does not give a definition of harm, encouraging people to apply a "normal, everyday meaning";

4.4.2 the Children Act 1989 defines:

- (a) "harm" as "ill-treatment or the impairment of health or development (including, for example, impairment suffered from seeing or hearing the ill-treatment of another)"

- (b) "ill-treatment" as including "sexual abuse and forms of ill treatment which are not physical";
- (c) "health" as "physical or mental health".

5 How to raise concerns and allegations

- 5.1 **Raising low level concerns:** Where you have a low level **concern** in respect of any member of Staff, you must report the matter immediately. You can raise this with the Principal / Headteacher
- 5.2 **Concerns about Staff:** where you have a concern about the conduct of a member of Staff other than the Principal / Headteacher, whether this is a low level concern or an allegation of harm, you must raise this immediately with the Principal / Headteacher.
- 5.3 **Concerns involving the Principal / Headteacher and conflicts of interest:** where you identify a concern about the principal / Headteacher, you must report the matter immediately to the CEO without notifying the Principal / Headteacher. Where there is a conflict of interest in raising the concern with the Principal / Headteacher you must report the concern directly to the Local Authority Designated Officer (**LADO**), without first notifying the Principal / Headteacher. Details of the LADO can be found at the start of this policy. Should your concern be about the CEO, this should be reported to Lord Nash.
- 5.4 **Concerns involving individuals / organisations using Academy premises:** where the Academy receives an allegation relating to an incident that happened when an individual or organisation was using the premises for the purposes of running activities for children (e.g. community groups, sports associations, or service providers that run extra-curricular activities) it will follow its own safeguarding policies and procedures, including informing the LADO.

6 The Academy's response to concerns and allegations

- 6.1 **Appropriate action:** the Academy will ensure that appropriate action is taken to address concerns that are raised under this policy.
- 6.2 **Assessing concerns:** the relevant member of staff dealing with the concern raised will determine whether the concerns raised are low level or potentially meet the harm threshold. The Principal / Headteacher, CEO, and Trust Board have all been trained to assess concerns, and to record and address them appropriately.
- 6.3 **Low level concerns:** if the Academy determines the concern is a low level concern, then the Academy will address the concern as appropriate. This will usually involve making the individual aware of the concern against them, undertaking any investigation that may be required and may include giving management guidance and advice or invoking the Academy's capability or disciplinary procedures.

- 6.4 **Borderline cases:** the relevant member of staff may take advice from the LADO in borderline cases in order to establish whether the concern is a low level concern or an allegation that potentially meets the harm threshold. This may include conducting an initial "no names" conversation with the LADO about whether the harm threshold is met.
- 6.5 **Referral:** where it is deemed the concerns raised potentially meet the harm threshold, the member of staff will make a report to the LADO before further action is taken. The member of staff may also seek advice from the LADO as appropriate. Where a LADO referral is appropriate, this will be made within one working day of the allegation being reported in accordance with this policy.
- 6.6 **Responding to an allegation that may meet the harm threshold:** where an allegation is made that may meet the harm threshold, the Academy will take advice from and co-operate with the LADO, the police, and any other external body that may be involved in the response to the allegation. The Academy will follow its internal procedures in order to investigate and respond to the allegation when it is appropriate to do so, and will keep the LADO informed of the action it is taking.
- 6.7 **Case Manager:** where an investigation is deemed necessary into an allegation of conduct that may meet the harm threshold, a Case Manager (**Case Manager**) will be appointed by the Academy to lead the investigation. The Case Manager will be either the Principal / Headteacher or a person with appropriate authority appointed by the Principal / Headteacher. Where the Principal / Headteacher is the subject of an allegation, a relevant member of staff will be chosen.

7 **Disclosure of information about concerns and allegations**

- 7.1 **Informing the individual of a concern:** the Academy will in most cases inform the individual concerned about any low level concern that is raised about them.
- 7.2 **Informing the individual of an allegation where appropriate:** the Case Manager will consult with the LADO in order to agree if and when it is appropriate to inform the individual of the allegation.
- 7.3 **Communication and support for the individual subject to an allegation:** if and when it is appropriate to inform the individual of the allegation against them, the Case Manager will also offer appropriate pastoral support and will keep the individual informed of the timescales for the investigation under this procedure and the factors which may affect it. In all cases, the investigation will be concluded as soon as reasonably practicable.
- 7.4 **Informing the child's parents / carers where appropriate:** the Case Manager will agree with the LADO when and how the parents or carers of the child / children involved will be informed of the allegation if they do not already know of it. The Case Manager will also agree with the LADO

what information shall be shared with the parents / carers of the child / children as the case progresses. The timing and extent of disclosures, and the terms on which they are made, will be dependent upon and subject to the laws on confidence and data protection and the advice of external agencies.

- 7.5 **Reporting restrictions:** the Academy is mindful of and will comply with the reporting restrictions under section 141 Education Act 2002 which prevent the identification of a teacher who is the subject of such an allegation in certain circumstances.
- 7.6 **Involvement of external agencies:** where the LADO(s) advises that a strategy discussion is needed, or the police or children's social care need to be involved, the Case Manager will not inform the individual subject to the allegation, or the parents or carers until these agencies have been consulted and it has been agreed what information can be disclosed.
- 7.7 **Concerns about supply staff, trainee teachers and contractors:** where a concern / allegation has been made in respect of a member of supply staff, a trainee teacher placed within the Academy or a contractor, the Academy recognises that it shares safeguarding responsibilities with the relevant employing agency, teacher training provider or contracting organisation. The concern / allegation will be notified to the individuals' employer or the teacher training provider, and the Academy will work with them to ensure that any investigation and safeguarding response is appropriately coordinated. Where a Case Manager has been appointed to investigate an allegation, the Case Manager will consult with the LADO before sharing any information with the individual's employer.

8 **Early Years Foundation Stage (EYFS)**

- 8.1 **Report to Ofsted:** the Academy will inform Ofsted of any allegations of serious harm or abuse by any person living, working or looking after children on the premises of the EYFS provision (whether that allegation relates to harm or abuse committed on the premises or elsewhere), and will provide details of the action taken in respect of those allegations.
- 8.2 **Timescale for Ofsted report:** these notifications will be made as soon as reasonably practicable, but in any event within 14 days of the allegations being made. A registered provider who, without reasonable excuse, fails to comply with this requirement, commits an offence.]

9 **Referrals to the Disclosure and Barring Service (DBS) and Teaching Regulation Agency (TRA)**

- 9.1 **Report to the DBS:** the Academy is under a legal duty to make a referral to the DBS where:
 - 9.1.1 an individual has applied for a position at the Academy despite being barred from working with children; and /or

9.1.2 an individual (including a volunteer) has been removed by the Academy from working in regulated activity (whether paid or unpaid), or has resigned prior to being removed, or in the case of a volunteer has ceased to volunteer at the Academy in circumstances where they would otherwise have been removed, because they have:

- (a) satisfied the harm test (as defined in section 35 of the Safeguarding Vulnerable Groups Act 2006);
- (b) committed relevant conduct (as defined in Schedule 3 to the Safeguarding Vulnerable Groups Act 2006); or
- (c) been cautioned for, or convicted of, a relevant offence (as defined in paragraphs 1 and 2 of Schedule 1 to The Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Relevant Offences) Regulations 2009).

9.2 **Report to the Teaching Regulation Agency (TRA):** the Academy is under a duty to consider whether it is appropriate to make a referral to the TRA where it has ceased to use the services of a teacher because the teacher has been guilty of serious misconduct (or might have ceased to use the services of a teacher had the teacher not ceased to provide those services). The Academy may also, at its discretion, make a referral to the TRA where the duty to consider doing so has not yet arisen. The TRA will consider whether to impose a prohibition order on that person which prevents them from undertaking teaching work in future.

10 Record keeping

10.1 **Records of low level concerns:** low level concerns will be recorded in writing. The record of the concern will be retained so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and addressed. Records of low level concerns that have been addressed with an individual will usually be kept on the individual's personnel file. In addition all low level concerns, including those that have not been addressed formally under the Academy's procedures, will also be stored securely in a central file (**Concerns and Allegations Record**).

10.2 **Recording low level concerns:** the Concerns and Allegations Record will set out the name of the individual involved (if an individual is named), a brief description of the concern and the context in which it arose, any investigation that has been carried out, and the outcome / result of the investigation into the concern. The name of the individual who has raised the concern should also be noted. Where that individual wishes to remain anonymous the Academy will try to accommodate this as far as reasonably possible, but cannot guarantee anonymity in all circumstances.

- 10.3 **Records of allegations that may meet the harm threshold:** details of allegations that may meet the harm threshold will be recorded both on the individual's personnel file and the Concerns and Allegations Record. The individual's personnel file and the Concerns and Allegations Record will include a summary of the allegation, details of how the allegation was followed up and resolved, a note of any action taken in response to the allegation.
- 10.4 **Storage and security of Concerns and Allegations Record:** the Concerns and Allegations Record will be stored securely and will be accessible by the Principal / Headteacher.
- 10.5 **Malicious or false low level concerns and allegations:** details of low level concerns and allegations found to be malicious or false will be removed from personnel records and the Concerns and Allegations Record.
- 10.6 **Retention of records:** in line with the Academy's information and records retention policy, information stored on staff personnel files about low level concerns and allegations that may meet the harm threshold, and the Concerns and Allegations Record, will be retained by the Academy indefinitely. The Academy may in future be required to produce this information if it is notified of an allegation of historic abuse relating to a current or former member of staff, if a former member of staff is accused of committing safeguarding offences elsewhere or if a former member of staff is the subject of safeguarding allegations arising elsewhere.

11 **References**

- 11.1 **Low level concerns:** low level concerns will not be disclosed in a reference unless they were addressed formally and resulted in a sanction under the Academy's disciplinary or capability policies and procedures and it is otherwise appropriate to disclose them.
- 11.2 **Allegations that meet the harm threshold:** allegations that meet the harm threshold will be disclosed in a reference if the allegation was found to be substantiated (including any cases in which any disciplinary sanction has expired). The Academy will not disclose information about allegations that were found to be false, unfounded, unsubstantiated, or malicious.

12 **Questions**

- 12.1 **Contact:** please **contact** the Trust Safeguarding Lead if you have any questions about this policy.

Appendix 5 Charity safeguarding procedures¹

1 Charity safeguarding duties

- 1.1 As charity trustees of an exempt charity and as Trust of the Academy, the Governors / Trustees acknowledge in addition to their statutory duties to safeguard and protect children and adults at risk, they have a duty to take reasonable steps to protect everyone involved with or who come into contact with the Academy Trust through its work from harm, abuse or mistreatment, whether working online or in person. This protection of the people involved in the Academy Trust is central to its culture. The full extent of these additional Safeguarding duties is set out in the Charity Commission guidance: Safeguarding and Protecting People for Charities and Trustees. This guidance lists risks to be aware of, including discrimination, health and safety, cyber abuse and data breaches. We recommend that you also consider the Charity Commission guidance: Charities and social media. This covers moderation of comments on the Academy's social media.
- 1.2 The contents of the Academy's Safeguarding and data protection suites of policies, the staff handbook and the Health and safety policy set out how many concerns about these issues will be handled. If anyone has any Safeguarding concerns which have caused or may cause harm to anyone associated with the Academy Trust which are not expressly covered by those or other Academy policies, they should contact the Trust Safeguarding Lead without delay.
- 1.3 The Governors / Trustee fulfil these duties by:
 - 1.3.1 leading by example and promoting a fair, inclusive and positive culture to which protecting people from harm is central, ensuring that everyone involved with the Academy Trust feels able to report any concerns they may have, confident that they will be heard and responded to;
 - 1.3.2 having procedures for identifying and handling concerns in a full and open manner;
 - 1.3.3 ensuring that where responsibility for safeguarding is delegated to individuals or sub groups, robust policies and procedures for reporting appropriate information to the wider trustee boards are in place and followed;

- 1.3.5 establishing appropriate delegation arrangements for the effective governance and management of safeguarding matters within the Academy Trust;
- 1.3.6 exercising proper oversight of the management of individual Safeguarding matters and a review of the performance of the Academy Trust's Safeguarding function, including consultation with stakeholders and appropriate trend analysis;

- 1.3.12 ensuring that clear processes are in place relating to checks required where there are changes to the Academy structure or individual roles;
- 1.3.13 entering into any appropriate agreements with other third parties (whether those who provide services to the Academy Trust or directly to its beneficiaries (including pupils)) covering the relationship, their respective roles and monitoring and reporting requirements.²
- 1.3.14 having a clear system clear system of referring or reporting to relevant agencies as soon as concerns are suspected or identified;
- 1.3.15 following safeguarding statutory guidance, good practice guidance and legislation applicable to independent schools and

EYFS / any other relevant regime], which this policy is designed to secure;

- 1.3.16 having a balanced trustee board which works together in accordance with the Scheme of Governance without any one or more trustees dominating its work;

Appendix 6 Local arrangements³

Local key risks / priorities

Trinity Academy works within the safeguarding arrangements of the Lambeth Safeguarding Children Partnership (LSCP). The Academy remains alert to safeguarding risks identified through local partnership activity, safeguarding reviews and intelligence. Current areas of particular local relevance include neglect, domestic abuse, harmful sexual behaviour, online harm, child exploitation and risks outside the home, including criminal exploitation and serious youth violence. The Academy will ensure that emerging local safeguarding themes are reflected in staff training, safeguarding practice and the school's response to individual children.

Further information about local safeguarding priorities, learning and guidance is available from the [Lambeth Safeguarding Children Partnership](#).

Early help menu

Trinity Academy recognises that providing effective support at the earliest opportunity can prevent difficulties from escalating and improve outcomes for children and families. Where a child or family would benefit from additional support, the Academy will consider what can be provided through school and universal services and, where appropriate, work with Lambeth Community Early Help and other partner agencies. Early help may involve a coordinated assessment and plan involving the family and relevant professionals.

Details of Lambeth's Early Help offer, including routes to Community Early Help, are available from [Lambeth Community Early Help](#).

Local thresholds

The Academy uses the Lambeth and Pan-London threshold guidance to support professional decision-making about the level of help, support or protection required by a child. Safeguarding needs exist on a continuum and may change over time; staff should therefore consider the child's circumstances holistically, including cumulative harm and the impact of multiple or escalating concerns. Where there is uncertainty about the appropriate threshold, the Designated Safeguarding Lead may seek advice from Lambeth's Integrated Referral Hub.

The current threshold guidance and Continuum of Help and Support can be accessed through the [Lambeth Safeguarding Children Partnership](#).

Referral forms

Where the Academy considers that a child requires statutory safeguarding intervention or specialist support, a referral will be made to Lambeth Children's Services in accordance with local procedures. Professionals should use Lambeth's Multi-Agency

Referral Form (MARF) for Early Help or Child Protection referrals where appropriate. Urgent safeguarding concerns should not be delayed while a written referral is being prepared; the Integrated Referral Hub should be contacted directly and any telephone referral followed up in writing as required.

The current professional referral form is available through Lambeth Council's [Multi-Agency Referral Form for Early Help or Child Protection](#).

Escalation procedures

Trinity Academy expects safeguarding professionals to exercise professional challenge where there are concerns about another agency's response, a disagreement regarding thresholds or where the Academy considers that action taken does not adequately safeguard a child. Such disagreements must never result in delay to necessary action to protect a child. Concerns should initially be raised with the relevant professional or service and, where they cannot be resolved, escalated through management structures in accordance with the LSCP Multi-Agency Escalation Policy. The DSL will maintain appropriate records of professional challenge and escalation.

The current procedure, escalation form and flowchart are available from the [Lambeth Safeguarding Children Partnership Multi-Agency Escalation Policy](#).
